

# DAYLILIES 2022

Varieties, description and culture.....

- Adorable Tiger** ..... \$10.99 / 26" tall / Mid-season / 4.5" blooms / A fragrant tetraploid displaying a vivid array of warm colors, featuring golden orange petals. A large red eye covers half the petals that bleed into the ruffled, picotee edge.
- Bella Lugosi** ..... \$10.99 / 34" tall / Early season / 6" blooms / Rich purple sunfast petals with a prominent lime green throat. Vigorous with good branching, considered one of the best purples.
- Early Snow** ..... \$9.99 / 29" tall / Early season / 7" blooms / There is finally a good alternative to a nice white daylily other than Joan senior. Giant snow-white blooms with extra thick petals. Ruffled light cream
- Earlybird Oriole** ..... \$10.99 / 20" tall / Early-season / 5" blooms / Short-statured with large rounded blooms of two-toned orange with a small lime green throat. An unusually early orange rebloomer.
- Fragrant Returns** **New** \$9.99 / 20" tall / Mid-season / 4" blooms / Ruffled lemon-yellow blooms. A reliable rebloomer like 'Happy Returns', only with a noticeable fragrance.
- Garden Show** ..... \$9.99 / 26" tall / Mid-season / 6" blooms / Strongly triangular blooms of diamond dusted mauve purple with a radiant yellow-green throat. A strongly fragrant rebloomer.
- Lake of Fire** **New** \$12.99 / 24" tall / Mid-season / 7" blooms / Ruffled large blooms of orange, apricot and red with may intricate markings of yellow and red. A Proven Winners selection.
- Lavender Blue Baby** ..... \$10.99 / 28" tall / Early mid-season / 5.5" blooms / Recurved rosy lavender-purple petals with a complimentary grape purple eyezone, yellow-green throat.
- Mauna Loa** **New** \$9.99 / 22" tall / Early-mid-season / 5" blooms / Substantially thick petals of solid citrus orange. A good landscape performer with a high bud count.
- Moonlit Masquerade** **New** \$9.99 / 26" tall / Early-mid-season / 6" blooms / A strong growing tetraploid of creamy white with a large purple eyezone. Reblooms.
- Passion for Red** ..... \$10.99 / 27" tall / Early mid-season / 6 3/4" blooms / Sunfast tetraploid with brilliant red petals with a large yellow eye. A vigorous growing and fragrant rebloomer.
- Primal Scream** ..... \$11.99 / 34" tall / Early-Mid season / 8" blooms / Large glimmering tangerine orange with gold-dusted petals that are very ruffled. Not a re-bloomer but blooms for a while in its season.
- Rocket City** ..... \$9.99 / 36" tall / Mid-season / 6" blooms / Large 2-tone orange blooms on strong growing plants.
- Ruby Spider** ..... \$10.99 / 34" tall / Early Season / 9" blooms / A proven winner selection with a huge striking bloom. Nicely sunfast ruby red with large yellow throats and gold mid-veins. Extra-long golden orange stamens. The petals are relatively narrow (Spider Type) with a faint golden wire edge.
- South Seas** **New** \$9.99 / 23" tall / M-season / 6" blooms / Ruffled, wide petals are saturated in an unusual hot coral pink color. A strong growing rebloomer with a high bud count.
- Stella de Oro** ..... \$8.99 / 15" tall / Early season / 2.75" blooms / Solid cheery gold flowers with pie crust edges stay open into the evening. Ever-blooming and still the world's most popular daylily. A Dr. Apps intro
- Stephanie Returns** ..... \$10.99 / 18" tall / Early season / 4" blooms / A short ever-bloomer bicolor of a light peach and deeper purple halo and center stripes. Prominent yellow eye. Another Dr. Apps introduction.
- Storm Shelter** ..... \$12.99 / 24" tall / Mid-season / 5" blooms / Ruffled blooms of two-tone purple and a chartreuse eye. A proven winner's selection.
- Tiger Swirl** ..... \$12.99 / 32" tall / Mid-season / 6.5" blooms / Fragrant bright gold blooms with large maroon eyes. The blooms differ in shape tyhan others, with half of the petals being twisted or curled.
- Wineberry Candy** ..... \$9.99 / 22" tall / Early-mid season / 4.75" blooms / Soft pink blooms with a large purple eyezone. A fragrant and long blooming rebloomer.

# DAYLILIES 2022

*Varieties, description and culture.....*

**Daylily Culture:** Daylilies should be planted in any well-drained soil with full sun or light shade. Varieties marked “re-bloomers” may send out sporadic scapes after the initial bloom while “ever-bloomers” will usually always have color if planted in clumps of several plants. Best re-bloom is in full sun and consistently moist soil. Any balanced fertilizer applied at half strength works well. Divide the clumps every 3-5 years when vigor and bloom size is noticeably declining. Like some of our other descriptive lists, the average blooming season for that variety is noted so that one may plant with several varieties and have a succession flowers at different times. Daylilies tolerate being planted in the vicinity of black walnut.
